TABLE 72.—SALES TAX: GOODS SOLD AND TAX PAYABLE, NORTHERN TERRITORY, 1959-60 TO 1963-64

NOTE.—An indication of fluctuations in the value of wholesale trade is given by the returns made under the Sales Tax Acts. With certain specified exemptions, all goods sold by wholesale in Australia, including imports, are taxable. The returns do not relate to all wholesale trade, as vendors trading only in exempt goods are not required to furnish returns. They do not necessarily cover a constant proportion of all trade. The effects of legislation and administrative changes on the recorded values of taxable and exempt goods respectively are somewhat uncertain, but total recorded sales are affected in smaller degrees. Insufficient information is available to enable adjustments to be made to the crude figures on this account. The information shown below relates to assessments made in Northern Territory only.

(a) Annual census of school children in August.

NOTE.—Schools in the Northern Territory are conducted for the Commonwealth on an agreed basis of reimbursement by the South Australian Department of Education which is represented in Darwin by a Superintendent of Northern Territory Schools.

In 1963 and 1964, 414 and 428 children respectively in the Northern Territory received correspondence education under the South Australian Correspondence School system. A "School of the Air" supplements normal correspondence instruction for certain children, some of whom live as much as 500 miles from Alice Springs, where the "School of the Air" is conducted.
